

# Relocatable Barracks

## Fort Bragg, NC

### Quick and Efficient

Champion delivered nearly one-half million square feet of accommodations in six months. The Company's off-site construction efficiently remedied delays and challenges created by increased base security.

**CLIENT**  
Comark Building Systems, Inc.

**PROJECT TYPE**  
MILCON

**BUILDER**  
Champion Homes of North Carolina

#### PROJECT SCOPE

- Modularity project for Army Corp of Engineers
- Genesis constructed 63 barrack buildings
- Buildings contained 504 apartments accommodating 15,012 soldiers
- Champion dedicated one manufacturing facility to meet aggressive delivery schedule
- All construction in accordance with commercial modular code

#### CHALLENGE

Build quickly and efficiently on army base where restrictive increased security resulted in construction and building challenges.

#### SOLUTION

- Built 63 barrack buildings of 7,435 square feet each
